

## BENEFITS

- **ONE APPLICATION**  
is guaranteed to last one year
- **CONTINUOUSLY SELF CLEANING**  
(when exposed to light)
- **REPLACES DAILY DISINFECTING**
- **LABOR SAVINGS**  
reduces repetitive cleaning and makes surfaces easier to clean
- **REDUCES WEAR AND TEAR**  
at friction points for equipment and machinery
- **ANTIMICROBIAL- SHREDS 99.999%**
  - Viruses
  - Bacteria
  - Mold
  - Mildew
- **ALGAE CONTROLLING**
- **MOLD/ STAIN REMOVING**
- **REPLACES HARMFUL CHEMICALS**
- **ANTI- STATIC** (safe on electronics)
- **100% FDA GRAS**
- **EPA EXEMPT**
- **DRAG REDUCING**
- **LEAVES NO RESIDUE**
- **ANTI-CORROSIVE**
- **PROVIDES UV PROTECTION**

## TOMORROW'S CLEANING TODAY

*WholeHealth **NANOSHIELD** is the next-generation, non-toxic, water-based nano-technology self-cleaning solution. It works on all surfaces and shreds 99.999% of all viruses, mold, and bacteria including COVID-19! It works continuously and multiple times per second! NanoShield is EPA exempt and safe for pets, humans and the environment! But that's not all it does:*

## HOW IT WORKS

When NanoShield is applied, quadrillions of particles coat your surface at a sub-microscopic level.

This nano-coat's photocatalytic oxidation, light-activated technology integrates with the surface to create a self-cleaning layer of protection.

Depending on the job, NanoShield can be applied by an atomizer or microfiber cloth.

Ten minutes later surfaces are dry to the touch and within 24 hours later it will be completely sealed for one year.

There are no health risks during or after application as NanoShield is EPA Exempt and all natural.

## EXAMPLES OF THINGS IT CAN DO

In addition to providing a 99.999% bacteria free surface, here are just a few examples of other things **NANOSHIELD** can do

- **PROVIDES UV PROTECTION**  
to the paint job on your automobile
- **IMPROVES GAS MILEAGE**  
by reducing drag on your vehicle
- **PROTECTS YOUR WINDOWS**  
from hard water staining
- **ELIMINATES THAT URINE SMELL**  
from restrooms
- **PROTECTS YOUR SHOWER GLASS**  
from hard water and soap scum
- **MAKES SURFACES EASIER TO CLEAN** and remove debris
- **APPLY TO YOUR FACEMASK**  
or other clothing to provide protection from viruses and bacteria
- **PROVIDES ADDITIONAL PROTECTION** for all surfaces from stains, scratches and smudges
- **APPLY THIS PRODUCT TO**
  - Carpets
  - Cell Phones
  - Glass
  - Kitchen Utensils  
(knives, silverware etc.)
  - Counter Tops
  - Toilets
- **APPLY TO YOUR TOOLS**  
for rust protection

## INDUSTRIES

- **HEALTH CARE**  
Hospitals, Medical Offices
- **OFFICE BUILDINGS**
- **AIRPORTS**
- **STADIUMS**
- **BUSES, TRAINS, PLANES & AUTOS**
- **HOTELS, MOTELS**
- **HOMES**
- **MANUFACTURING SITES**
- **SCHOOLS**
- **HEALTH CLUBS**
- **FOOD PROCESSING PLANTS**
